

Mapped, edited, and published by the Geological Survey in cooperation with Kentucky Geological Survey and Indiana Department of Natural Resources. Revised in cooperation with Indiana Department of Natural Resources.

Control by USGS, USC&GS, and USCE

Topography in Kentucky by photogrammetric methods from aerial photographs taken 1951. Field checked 1953.

Topography in Indiana by planetable surveys 1946. Revised from aerial photographs taken 1969. Field checked 1970.

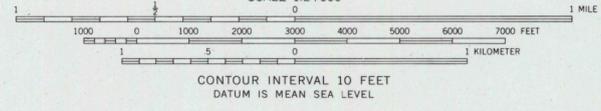

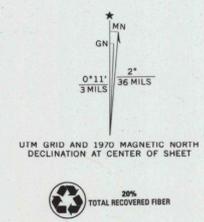

Polyconic projection. 1927 North American datum.

10,000-foot grids based on Kentucky coordinate system, south zone, and Indiana coordinate system, west zone.

100-meter Universal Transverse Mercator grid ticks, zone 16, shown in blue.

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked.

The state boundary as shown represents the approximate position of the low water line as determined from U.S. Corps of Engineers Ohio River Charts, surveyed 1912, and supplementary information.
