Topography by photogrammetric methods from aerial photographs taken 1950. Field checked 1953
Revised from aerial photographs taken 1969. Field checked 1970

Polyconic projection. 10,000-foot grid ticks based on Kentucky coordinate system, south zone. 1000-meter Universal Transverse Mercator grid ticks, zone 16, shown in blue. 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 5 meters south and 6 meters west as shown by dashed corner ticks

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked

There may be private inholdings within the boundaries of the National or State reservations shown on this map

4158 III NE
SCALE 1:24 000

0

A horizontal number line is shown with major tick marks at 0, 1000, 2000, 3000, 4000, and 5000. There are also minor tick marks every 200 units. Two brackets are drawn above the line: one from 0 to 2000, and another from 2000 to 4000.

A number line from 0 to 1 with tick marks every 0.1. The segment from 0 to 0.5 is shaded green, and the segment from 0.5 to 1 is shaded red.
