Control by USGS and NOS/NOAA

Topography by photogrammetric methods from aerial photographs
taken 1947. Field checked 1948. Revised from aerial
photographs taken 1960. Field checked 1961

Polyconic projection, 1927 North American datum
10,000-foot grid based on Colorado coordinate system,
central zone
1000-metre Universal Transverse Mercator grid ticks,
zone 13, shown in blue

Fine red dashed lines indicate selected fence and field lines where
generally visible on aerial photographs. This information is unchecked
Where omitted, land lines have not been established

Revisions shown in purple compiled from aerial photographs
taken 1969 and 1975. This information not field checked
