

Mapped, edited, and published by the Geological Survey and the National Ocean Survey  
Control by USGS, NOS/NOAA, and USCE  
Orthophotomap prepared by the Geological Survey from aerial photograph taken April 18, 1974. Topography by planimeter surveys 1958; revised from aerial photographs taken 1974. Field checked 1975. Map edited 1979. Supersedes topographic map dated 1958.  
Bathymetry compiled by the National Ocean Survey from tide-coordinated hydrographic survey soundings compiled from NOS 11503 and 11504. This information is not intended for navigational purposes.  
Mean low water (dotted) line and mean high water (solid) line compiled by NOS from tide-coordinated aerial photographs by photogrammetry.  
Projection and 10,000-foot grid ticks: Georgia coordinate system, east zone (transverse Mercator), zone 17, 1927 North American Datum.  
To place on the predicted North American Datum 1983 move the projection lines 21 meters south and 17 meters west as shown by dashed corner ticks.  
There may be private inholdings within the boundaries of the National or State reservations shown on this map.
