

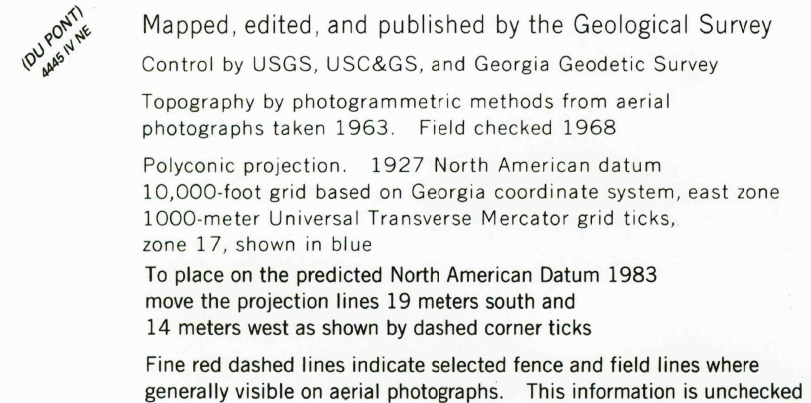

Diagram illustrating the relationship between contour interval, vertical datum, and horizontal scale. The horizontal scale bar shows distances from 0 to 7000 feet. The vertical scale bar shows distances from 0 to 1 mile. The contour interval is 5 feet. The vertical datum is the National Geodetic Vertical Datum of 1929.

Revisions shown in purple and woodland compiled in cooperation with State of Georgia agencies from aerial photographs taken 1983 and other sources. This information not field checked. Map edited 1988.
