

Produced by the United States Geological Survey in cooperation with the North Carolina Department of Environment and Natural Resources

Topography compiled 1946. Planimetry derived from imagery taken 1980 and other sources. Photorevised using imagery dated 2002; no major culture or drainage changes observed. Survey control current as of 1948. Boundaries verified 2002

North American Datum of 1927 (NAD 27). Projection and 10 000-foot ticks: North Carolina coordinate system (Lambert conformal conic)

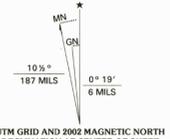

1000-meter Universal Transverse Mercator grid, zone 18

North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software
