

Mapped, edited, and published by the Geological Survey in cooperation with State of West Virginia agencies. Control by USGS and USC&GS. Topography by photogrammetric methods from aerial photographs taken 1956 and 1957. Field checked 1958. Revised from aerial photographs taken 1962. Field checked 1969. Polyconic projection. 1927 North American datum 10,000-foot grids based on Ohio coordinate system, south zone, and West Virginia coordinate system, north zone. 1000-meter Universal Transverse Mercator grid ticks, zone 17, shown in blue. Fine red dashed lines indicate selected fence and field lines generally visible on aerial photographs. This information is unchecked. The state boundary as shown represents the approximate position of the low water line as determined from U. S. Corps of Engineers Ohio River charts, surveyed 1913, and supplementary information. Land lines based on the Ohio River Base. Dotted land lines established by private subdivision of the Ohio Company Purchase.
