

Maped, edited, and published by the Geological Survey  
Control by USGS, USC&GS, and USCE  
Hydrography from USC&GS chart 1282  
Culture and drainage in part compiled from aerial photographs taken 1953. Topography from 1943 map of U.S. Corps of Engineers, revised by USGS planetable surveys 1955. Originally mapped 1929 by USGS as Seabrook quadrangle.  
Polyconic projection. 1927 North American datum 10,000-foot grids based on Texas coordinate system, south central zone  
1000-meter Universal Transverse Mercator grid ticks, zone 15, shown in blue  
Water stages in this area vary with meteorological conditions  
Approximate limits of occasional inundation shown by dashed blue lines where mean high water is undetermined for lack of visual evidence  
Dotted blue lines indicate the approximate limits of low water

Revisions shown in purple compiled from aerial photographs taken 1969. This information not field checked  
Purple tint indicates urban areas
