WESTERN UNITED STATES 1:250,000

Prepared by the Defense Mapping Agency Topographic Center, Washington, D. C. Compiled in 1958 by photogrammetric methods and from United States Quadrangles, 1:24,000, 1:25,000, 1:50,000 and 1:62,500, 1940–56. Planimetry revised in part from aerial photographs taken 1954–55. Photographs field annotated 1958. Revised in 1977 by the U. S. Geological Survey from aerial photographs taken 1976 100,000-foot grids based on California coordinate system, zone 6, and Arizona coordinate system, west zone Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram

Figures in red denote approximate distances in miles between stars POPULATED PLACES
