

Produced by Western Mapping Center, Geological Survey
This is a preliminary copy of original manuscripts
made from annotated 1975 photographs
There may be private inholdings within the boundaries of
the National or State reservations shown on this map

- BOUNDARY AND SECTION CORNER DATA CODE
- | MONUMENT FOUND | METHOD OF LOCATION |
|--|--|
| 1 Iron pipe (GLO) cap | A Plotted from USGS or NGS geodetic or plane coordinates |
| 2 Iron pipe, other official cap | B Stadia from section map detail |
| 3 Private L.S. pipe & cap or comparable mon. | C Planetable, intersection |
| 4 Notched rock | D Planetable, three point |
| 5 Wood post, scribed | E Planetable, resection |
| 6 Bearing tree, authentic, BLM notes used | F Plotted from geodetic or plane coordinates other than USGS or NGS |
| 7 Fence corner | G Monument identified by stadia or is coincident with natural point |
| 8 Centerline x road or road or road & fence | H Projected using reliable plat data |
| 9 Wood stake, charred or defaced | I Stadia from images point located by Photogrammetry |
| 10 Iron pipe not marked | J Coordinates obtained and plotted from computations using plat values |
| 11 Chain monument of rock | K Panel-plotted in Astroradiation |
| Marks 1 through 6 carry the circle symbol when verified | |
| Marks 7 through 11 carry the circle symbol when verified | |
| SNF - Searched for not found | |
