

Prepared by the U.S. Army Topographic Command (TPCLUSV), Washington, D.C. Compiled in 1955 by photogrammetric methods and from United States quadrangles, 1:62,500, 1:97,500. Planimetry revised in part from aerial photographs taken 1953. Photographs field annotated 1953. Revised by the U.S. Geological Survey 1965.

Transverse Mercator Projection, 10,000-meter Universal Transverse Mercator grid, zone 12. 100,000-foot grid based on Arizona coordinate system, central and west zones, 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 5 meters south and 68 meters east.

Area covered by dashed light-blue pattern is subject to controlled inundation Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram

There may be private inholdings within the boundaries of the National or State Reservations shown on this map.
