

Produced by the United States Geological Survey  
Topography compiled 1974. Planimetry derived from imagery taken 1994 and other sources. Public Land Survey System and survey control current as of 1975.  
Bathymetry compiled by the National Ocean Service from tide-coordinate hydrographic surveys. This information is not intended for navigational purposes.  
Mean lower low water (dotted) line and mean high water (heavy solid) line compiled by NOS from tide-coordinate imagery. Apparent shoreline (outer edge of vegetation) shown by light solid line.  
North American Datum of 1983 (NAD 83). Projection and 1000-meter grid: Universal Transverse Mercator, zone 17 10 000-foot ticks: Georgia Coordinate System of 1983 (east zone) 2 500-meter ticks: Florida Coordinate System of 1983 (east zone)  
North American Datum of 1927 (NAD 27) is shown by dashed corner ticks. The values of the shift between NAD 83 and NAD 27 for 7.5-minute intersections are obtainable from National Geodetic Survey NADCON software.  
There may be private inholdings within the boundaries of the National or State reservations shown on this map.  
Landmark buildings verified 1975.
