

Produced by the U. S. Geological Survey
Control by USGS and NOS/NOAA
Topography by photogrammetric methods from aerial photographs taken 1953-54. Revised from aerial photographs taken 1978. Field checked 1980. Map edited 1982.
Selected hydrographic data compiled from NOS chart 14909 (1979). This information is not intended for navigational purposes.
Projection: Wisconsin coordinate system, central zone (Lambert conformal conic).
10,000-foot grid ticks based on Wisconsin coordinate system, central zone and Michigan coordinate system, north zone 1000-meter Universal Transverse Mercator grid ticks, zone 16, shown in blue.
North American Datum of 1983 (NAD 83) is shown by dashed corner ticks. The values of the shift between NAD 27 and NAD 83 for 7.5-minute intersections are given in USGS Bulletin 1875.
Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked. Photospected from 1992 source; no major culture or drainage changes observed. Boundaries verified and names revised 1994.
