

Control by USGS and NWSMA. The map was prepared by the USGS by the following methods from aerial photographs taken 1950. Field checked 1952. Revised from aerial photographs taken 1955. Map edited 1966

Polyconic projection, 10,000-foot grid ticks based on Pennsylvania coordinate system, south zone. Universal Transverse Mercator projection, south zone 18, shown in blue. 1927 North American Datum

To place on the predicted North American Datum 1983 move the projection to the north and 31 meters west as shown by dashed corner ticks

Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked

Red tint indicates areas in which only landmark buildings are shown. There may be other buildings in the area. The boundaries of the National or State reservations shown on this map.

PENNSYLVANIA

Revisions shown in purple and woodland compiled from aerial photographs taken 1981 and other sources. This information not field checked. Map edited 1983

Purple tint indicates extension of urban areas
