Orthophotomap prepared by the Geological Survey from aerial photographs dated April 19, 1974. Topography by plane-table surveys 1958; revised from aerial photographs taken 1974. Field checked 1975. Map edited 1979. Superimposed topographic map dated 1958.

Bathymetry compiled by the National Ocean Survey from tide-coordinated hydrographic surveys.
Soundings compiled from NOS 11504.
This information is not intended for navigational purposes.
Mean low water (dotted) line and mean high water (solid) line compiled by NOS from tide-coordinated aerial photographs by photogrammetry.

Projection and 10,000-foot grid ticks: Georgia coordinate system, east zone (transverse Mercator).
1000-meter Universal Transverse Mercator grid, zone 17 1927 North American datum.
To place on the predicted North American Datum 1983 move the projection lines 20 meters south and 17 meters west as shown by dashed corner ticks.
