WESTERN UNITED STATES 1:250,000

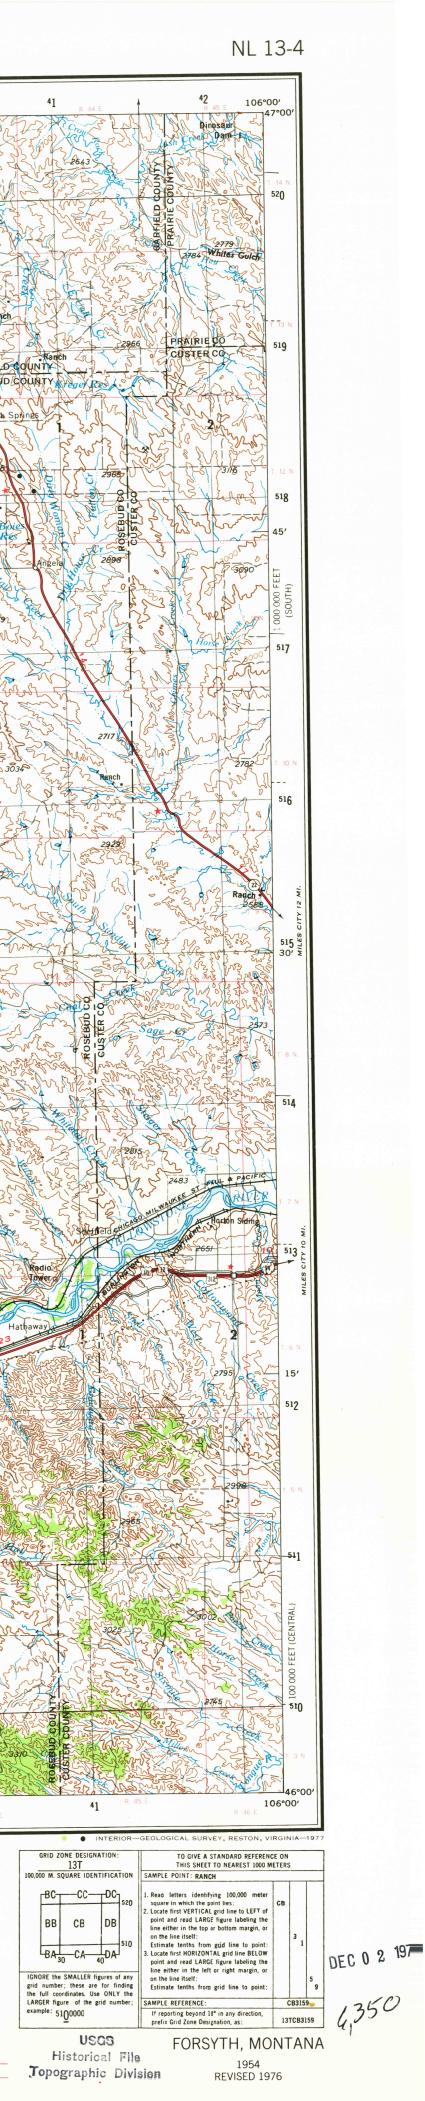

Prepared by the U.S. Army Topographic Command (AJART), Washin D.C. Compiled in 1955 by photogrammetric methods. Planimetry revised aerial photographs taken 1953. Photographs field annotated in 1954. Re in 1976 by the U.S. Geological Survey from aerial photographs taken 19 100,000-foot grids based on Montana coordinate system, south and ce zones Location of geodetic control established by government agencies is s on corresponding 1:250,000-scale Geodetic Control Diagram
