Topography by photogrammetric methods from aerial photographs
taken 1956. Field checked 1960.
Polyconic projection. 1927 North American datum.
10,000-foot grids based on West Virginia, north zone, Pennsylvania,
south zone, and Ohio, north zone, coordinate systems.
1000-meter Universal Transverse Mercator grid ticks, zone 17, shown in blue.

Fine red dashed lines indicate selected fence and field lines where
generally visible on aerial photographs. This information is unchecked.
The state boundary as shown represents the approximate position of the low
water line as determined from U. S. Corps of Engineers Ohio River charts,
surveyed 1913, and supplementary information.
Red tint indicates areas in which only landmark buildings are shown.
Ohio portion lies within the Old Seven Ranges.
Land lines based on the Ohio River Base.
