

Prepared by the Defense Mapping Agency Topographic Center, Washington, D.C. Compiled in 1955 by photogrammetric methods and from United States photographs taken 1939-51. Planimetry revised in part from aerial photographs taken 1939-51. Map field checked 1955. Revised by the U.S. Geological Survey from aerial photographs taken 1976. Map edited 1977.

Areas covered by dashed light-blue pattern are subject to controlled inundation.

100,000-foot grids based on Texas coordinate system north central zone.

Location of geodetic control established by government agencies is shown on corresponding 1:250,000-scale Geodetic Control Diagram.
