Compiled from USGS 1:24 000-scale topographic maps dated 1948-1974. Planimetry revised from aerial photographs taken 1987 and other source data. Revised information not field checked. Map edited 1993

1927 North American Datum (NAD 27). Projection and 10 000-meter grid: Universal Transverse Mercator, zone 10 25 000-foot ticks: California coordinate system, zones 3 and 2

The difference between NAD 27 and North American Datum of 1983 (NAD 83) is too small to show at this scale. The values of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Certain land lines are omitted because of insufficient data. Protracted land lines are dashed
