

Mapped, edited, and published by the Geological Survey
Control by USGS, NOS/NOAA, Los Angeles County, and Orange County
Topography by photogrammetric methods from aerial
photographs taken 1963. Field checked 1964.
Polycyclic projection. 10,000-foot grid ticks based on
California coordinate system, zones 6, 7 and 5
1000-meter Universal Transverse Mercator grid ticks,
zone 11, shown in blue. 1927 North American Datum
To place on the predicted North American Datum 1983
move the projection lines 1 meter north and 84 meters
east as shown by dashed corner ticks
Red tint indicates areas in which only landmark buildings are shown
Area covered by dashed light-blue pattern is
subject to controlled inundation
Where omitted, land lines are not shown because of insufficient data
Dotted land lines established by private surveys
Fine red dashed lines indicate selected fence and field lines where
generally visible on aerial photographs. This information is unchecked
