Topography by photogrammetric methods from aerial photographs taken 1963 and planetable surveys 1965

Polyconic projection. 10,000-foot grid ticks based on Arizona coordinate system, central zone. 1000-meter Universal Transverse Mercator grid ticks, zone 12, shown in blue. 1927 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 3 meters south and 64 meters east as shown by dashed corner ticks.

Red tint indicates areas in which only landmark buildings are shown.

Fine red dashed lines indicate selected fence lines.

A portion of the east half of this map lies within a subsidence area.

Vertical control based on latest available adjustment.

There may be private inholdings within the boundaries of the National or State reservations shown on this map.

Revisions shown in purple and woodland compiled from aerial photographs taken 1978 and other sources. This information not field checked. Map edited 1982.
