GEOLOGICAL SURVEY

1993

Produced by the United States Geological Survey  
Compiled from USGS 1:24 000 and 1:62 500-scale topographic maps dated 1955-1982. Planimetry revised from aerial photographs taken 1989 and 1991 and other source data. Revised information not field checked. Map edited 1993.  
1927 North American Datum (NAD 27). Projection and 10 000-meter grid: Universal Transverse Mercator, zone 18 25 000-foot ticks. Connecticut coordinate system, and New York coordinate system, east zone.  
The difference between NAD 27 and North American Datum of 1983 (NAD 83) is too small to show at this scale. The values of the shift between the datums for 7.5-minute intersections are given in USGS Bulletin 1875.  
There may be private inholdings within the boundaries of the National or State reservations shown on this map.
