 Orthophotomaps prepared by the Geological Survey from aerial photographs taken January 10, 1976. Topography by photogrammetric methods from aerial photographs taken January 1975 and planimetric surveys 1978. Field checked 1978. Map edited 1981. Supersedes topographic map dated 1943.
 Bathymetry compiled by the National Ocean Survey from tide-coordinated hydrographic surveys. Soundings compiled from NOS chart 11404. This information is not intended for navigational purposes.
 Mean low water (dotted) line and mean high water (solid) line compiled by NOS from tide-coordinated aerial photographs. Apparent shoreline (outer edge of vegetation) shown by photom imagery.
 Projection and 10,000-foot grid ticks: Florida coordinate system, north zone (Lambert conformal conic).
 To place on the predicted North American Datum 1983 move the projection lines 21 meters south and 9 meters west as shown by dashed corner ticks.
 Dotted land lines established by private subdivision of the Forbes Purchase.
 There may be private inholdings within the boundaries of the National or State reservations shown on this map.
