GEOLOGICAL SURVEY

1982

Produced by the United States Geological Survey

Compiled from USGS 1:24 000-scale topographic maps dated 1950–1961. Partially revised from aerial photographs taken 1977 and 1980, and other source data. Revised information not field checked. Map edited 1982.

Projection and 10 000-meter grid, zone 13 Universal Transverse Mercator. 25 000-foot grid ticks based on Wyoming coordinate system, east central and east zones, 1927 North American datum. To place on the predicted North American Datum 1983, move the projection lines 7 meters north and 50 meters east. There may be private inholdings within the boundaries of the National or State reservations shown on this map.
